LEADING THE WAY TO MISSION READINESS

SERVING THOSE THAT SERVE THE NATION

Our cause, our northstar, our very reason for existence is to deliver mission readiness to the Federal Government and Department of Defense – most critically focused on – the soldier, airmen, sailor and marine who proudly go above and beyond to protect and serve. Our very existence is predicated on our ability to ensure their safety and readiness. We understand mission readiness as a measurable, reliable sense of preparedness. We know what achieves it. We know what prevents it. We accelerate our customers towards mission readiness through our suite of services and custom, situational solutions – all while staying true to our organizational core values.

The Lockwood Group delivers Mission Readiness.

CULTURE

A CULTURE OF SERVICE

We believe that living our core values is critical not just to our success, but our customers' too.

ETHICS AND INTEGRITY

At Lockwood, we do what's right always with integrity, honesty and centered around the right ethical principles. We are proactive and diligent in maintaining this ensuring our customers, workforce, and partners are all on the same page.

CUSTOMER COMMITMENT

We seek to exceed our customer's expectations. We always act in their best interest being the problem solvers that they come to trust and rely on.

TEAM AND FAMILY ENVIRONMENT

Founded by a family, we take pride in family and seek to create a competitive team environment that strives to be the best individually and collectively. We treat each other with the same level of care, honesty, respect, comfort, and compassion.

SERVICE

We aspire to serve our nation, our community, our families and each other. We invest our time and resources to support causes that enhance well-being and improve our country.

LEADERSHIP

We seek to hire highly capable people whom we trust, providing a work environment for them to independently thrive, grow and lead. We enable a "Best idea wins" culture enabling everybody to share their ideas and take smart risks.

POSITIVITY

We seek to create a supportive environment centered around encouragement, gratitude, and positivity. We are designing a workplace where everybody truly enjoys going each and every day surrounded by supportive colleagues, friends, and family.

DRIVING MISSION ADVANTAGES, ACHIEVING CORE OBJECTIVES

Mission readiness requires complex problem-solving, operational planning, and joint force application. Learn about our suite of logistical, strategic, and operational services that deliver agility, adaptability, and comprehensive support across the military domains of Armaments, Aviation, C5ISR, Missile, and Space.

ENTERPRISE SERVICES

Synchronize and Modernize Planning and Operations

Harness the power of digital technologies to optimize operations, ensure decision dominance, and safeguard soldiers throughout any mission.

Institute End-to-end Competitive Advantages

While planning for complexity and a vast range of contingent outcomes, access to innovative technology produces data and information that informs strategic decision-making. Innovations in Digital Engineering and Digital Twins present extensive intelligence capabilities that bolster mission success.

DATA-DRIVEN DECISION MAKING

INCREASE AGILITY

REAL-TIME COMMUNICATION

ACCELERATE SPEED

ENTERPRISE RESOURCE PLANNING

Improve Operational Efficiencies

Align operational capabilities to modernize and transform processes that impact planning, preparedness, and mission management at every level. Get support defining and implementing an effective and cost-efficient Enterprise Resource Planning (ERP) strategy.

STREAMLINE COMPLEX PROCESSES

FULLY-INTEGRATE INFORMATION

IMPROVE REPORTING AND ACCURACY

ENHANCE MOBILITY AND SCALABILITY

LOGISTICS MODERNIZATION

Enhance Communication, Visibility, and Transparency

Logistics strategy, capabilities, and operations are critical factors that drive mission success. Design and develop a robust, modern, and secure logistics infrastructure including strategy, supply, and contingency planning.

**INTRODUCE MODERN, AGILE
INFRASTRUCTURE**

GAIN END-TO-END VISIBILITY

ACCESS REAL-TIME REPORTING

MAINTAIN COMMAND AND CONTROL

Reduce Costs, Raise Output

Gain access to practical solutions and leading tools that mitigate supply chain risk and reduce exposure. Our solutions combine military and government experience with supply chain security expertise to implement processes, metrics, and best practices to achieve a resilient supply chain.

MITIGATE RISK

ACCESS DATA AND MODELING

BOOST INTERAGENCY COORDINATION

IMPLEMENT CSRM PROGRAM

Centralize Systems in a Secure Environment

Break down silos and bring disparate systems together using digital engineering solutions designed for highly-complex defense initiatives, implemented by experts in the field. Increase the speed of information transfer and leverage vast data insights and predictive analytics to drive mission readiness.

ALIGN TEAMS AND TOOLS

ESTABLISH CONSISTENCY

ACCELERATE DIGITAL
TRANSFORMATION

INCREASE SPEED

TECHNOLOGY MODERNIZATION

Drive Innovation and Accelerate Change

Gain access to practical solutions and leading tools that mitigate supply chain risk and reduce exposure. Our solutions combine military and government experience with supply chain security expertise to implement processes, metrics, and best practices to achieve a resilient supply chain.

OPTIMIZE DAILY OPERATIONS

ACCESS DATA AND ANALYTICS

LEVERAGE AUTOMATION

TRANSFORM MISSION READINESS

MISSION SUPPORT AND OPERATIONS SERVICES

Transforming Mission Readiness Infrastructures

Solve complex operational challenges, implement leading technology solutions, and be prepared to respond quickly and decisively throughout any mission.

Advanced Data Protection and Security

Mission preparedness requires robust cybersecurity protection and monitoring across vast information architectures. Monitor, detect, and defend against cyber security threats using industry-leading strategies and experts in the field of defense IT and cyber security.

OPTIMIZE SECURITY OPERATIONS

PROTECT CRITICAL ASSETS AND DATA

DEVELOP SCALABLE STRATEGIES

ENSURE DATA SECURITY AND
MONITORING

Mission-Centered Systems of Learning

The Lockwood Group employs certified instructors, training specialists, and instructional design experts to develop comprehensive support systems for soldiers. Equipping the force brings together new systems and users applying years of design, testing, planning, and programming, transforming a soldier or combat unit into a more capable warfighter. Soldiers need training on the basic operation and maintenance systems, as well as leader tactics to be fully combat ready. Lockwood is mission ready to ensure our Soldiers are equipped well beyond the capability of our adversaries.

COMMERCIAL TECHNOLOGY TRAINING

CYBER & INFORMATION ASSURANCE
TRAINING

NEW EQUIPMENT AND SUSTAINMENT
TRAINING

WEAPON SYSTEMS AND PLATFORM
TRAINING

Comprehensive Technology Delivery in the Field

Access a global footprint of highly technical field support representatives, logisticians, and fielding experts positioned to support delivery and sustainment of fielded technology systems. No time in the material life cycle is as critical or has a greater impact on the success of a weapon system than during handoff to the soldier, requiring accuracy in the delivery of all hardware, software, spares, support items, and technical manuals.

FIELD SUPPORT REPRESENTATIVES

REDISTRIBUTION OF DISPLACED
SYSTEM

SYSTEMS INTEGRATION AND
TECHNICAL SUPPORT

TOTAL PACKAGE FIELDING

INTEGRATED LOGISTICS SUPPORT

Increase Operational Agility

The Lockwood Group has a team of integrated logistics support professionals with expertise across all 12 product support elements to ensure mission readiness of your next logistics project including: Product Support Management Supply Support, Packaging, Handling Storage & Transportation, Maintenance Planning & Management, Design Interface, Sustaining Engineering, Computer Resources, Facilities and Infrastructure, Manpower and Personnel, Support Equipment, and Training Support.

COMPREHENSIVE LIFE CYCLE
SUPPORT

CUSTOMIZABLE PACKAGES

FULLY-INTEGRATED LOGISTICS

DEEP MILITARY EXPERIENCE

PREDICTIVE ANALYTICS

Apply Data Science and Analytics Expertise

Ensure mission technology meets the needs of the enterprise and the individual user while improving capabilities and readiness including implementation specialists, experienced personnel, and complete systems integration. Work with modern, sustainable systems that ensure mission readiness now and in the future.

ACCESS DATA IN REAL TIME

IMPROVE DECISION MAKING

STREAMLINE COMMUNICATION

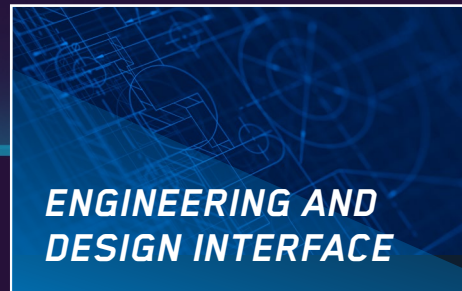

INCREASE SPEED

STRATEGY AND CONSULTING SERVICES

Trusted Advisory for Global Mission Readiness

Take guidance, expertise, and insights from industry leading experts in military logistics strategy, operations, and defense.

ACQUISITION SUPPORT

Meet Mission Requirements with Confidence

Navigate today's dynamic acquisition environment with proven strategies, management and guidance from experienced agents throughout the contract duration. The Lockwood Group assists federal agencies and contract managers through every step of the acquisition process.

RAPID DEVELOPMENT PROTOTYPES

**DATA ANALYTICS FOR RISK
MANAGEMENT**

TAILORED PROGRAM STRATEGIES

FOCUS ON SPEED OF DELIVERY

ADVISORY AND ASSISTANCE

Navigate Complexity with Expert Guidance and Support

The Lockwood Group has a team of integrated logistics support professionals with expertise across all 12 product support elements to ensure mission readiness of your next logistics project including: Product Support Management Supply Support, Packaging, Handling Storage & Transportation, Maintenance Planning & Management, Design Interface, Sustaining Engineering, Computer Resources, Facilities and Infrastructure, Manpower and Personnel, Support Equipment, and Training Support.

STREAMLINE CHANGE MANAGEMENT

IMPLEMENT INNOVATIVE TOOLS

OPERATIONALIZE SYSTEMS

LEVERAGE ADVANCED DATA AND LOGISTICS

Optimize Critical Military Systems

Technically complex problems must be tackled with innovative, proven engineering solutions. From software development, to engineering design, to infrastructure launch in range operations, discover solutions that ensure mission readiness in the most challenging environments.

COMPLETE MISSION ENGINEERING

LAUNCH INFRASTRUCTURE AND
RANGE OPERATIONS

TEST AND EVALUATION

SYSTEMS ENGINEERING AND
INTEGRATION

Identify Gaps and Operationalize Systems

Beginning with strategy and culminating in mission readiness, The Lockwood Group offers military logistics solutions for every step of the operation life cycle. Our experienced logistics professionals offer expertise in cost management, quality control, personnel management, facilities, acquisition, and much more.

FULLY-INTEGRATED LOGISTICS
STRATEGY

ADVANCED LOGISTICS
INFRASTRUCTURE SOLUTIONS

DATA-DRIVEN DECISION MAKING

INCREASE SPEED AND EFFICIENCY

Access Sustainable Guidance, Expertise, and Resources

As technology and innovation impact the ways in which logistical and strategic decisions are made, it's imperative to leverage expert guidance and knowledge to quickly move in the right direction. Taking into consideration each and every aspect of the mission life cycle, The Lockwood Group steps in with rich military experience to increase agility, operational efficiencies, and strategies to ensure mission success.

MODERNIZE OPERATIONS

DATA-DRIVEN MANAGEMENT

REFINE PROCESSES AND LOGISTICS

INCREASE SPEED AND VELOCITY

PROGRAM MANAGEMENT

Strengthen Teams and Operational Outcomes

Meet program cost, schedule, and technical requirements and work with experienced Department of Defense and Federal Government program managers to support your next project. Ensure the highest quality stands and superior performance outcomes across domains including: Baseline Planning, Control, Execution, Organization, Plan vs. Actual, Quality Management System, Resource Planning, Risk Management, Schedule Performance, and Technical Performance.

CUT COSTS AND DRIVE PERFORMANCE

ACHIEVE OPERATIONAL ALIGNMENT

MEET TECHNICAL REQUIREMENTS

LEVERAGE EXPERIENCED PERSONNEL

Optimize Critical Military Systems

The Lockwood Group has expertise in Systems Engineering Technical Assistance services for military weapon systems in accordance with military standards to ensure the safety, reliability and operational capability while ensuring continued sustainment of the weapon system throughout its life cycle. Management of life cycle costs is an essential function in the design of a military weapon system with costs driven by many factors to include reliability and sustainment. Lockwood is mission ready to drive down costs while improving system engineering, safety and reliability.

MISSION READINESS SOLUTIONS

The Lockwood approach is focused on solving our customers' challenges through innovation and carefully designed solutions. Our Mission Readiness solutions combine services with our functional subject matter expertise developing solutions to deliver mission readiness.

**INTEGRATED
PROJECT
MANAGEMENT
PROCESS (IPMP)**

**LOGISTICS
READINESS
IMPACT (LRI)**

**FIRST TIME
READINESS
SOLUTION (FTR)**

**INTEGRATED
INSTRUCTIONAL
DESIGN (IID)**

INTEGRATED PROJECT MANAGEMENT PROCESS (IPMP)

Reduce project uncertainty, mitigate risk and drive visibility through a centralized, integrated, technology-driven project management framework.

INTEGRATED INSTRUCTIONAL DESIGN (IID)

Solve for key system disconnects through the application of the PADDIE+M process while integrating functional experts within the development process to ensure training meets real-world requirements.

LOGISTICS READINESS IMPACT (LRI)

Plan logistics from an enterprise point-of-view to drive down operating and support costs while improving mission readiness.

FIRST TIME READINESS SOLUTION (FTR)

Achieve system mission readiness through a lean, single process approach to the development of logistics products – from training manuals and support packages to provisioning bill of materials and maintenance allocation charts.

CONTRACT VEHICLES

The Lockwood Group holds a variety of contract vehicles that offer our government clients the speed, flexibility and selection they need to procure our trusted solutions. The result is our government clients receive the services they need, when they need them.

Professional Services Schedule (PSS)

The PSS consists of seven formerly separate schedules that were consolidated in 2015 to give federal agencies a streamlined way to obtain professional services using a single contract vehicle. Lockwood's PSS covers a broad range of professional services.

EXPRESS

The EXPRESS Program is a group of multiple-award Blanket Purchase Agreements (BPA) leveraging commercial processes and innovative enhancements established within the "evergreen" aspects of the General Services Administration (GSA) schedules program.

One Acquisition Solution For Integrated Services (Oasis) Pool 1

GSA One Acquisition Solution for Integrated Services (OASIS) Small Business is a government-wide multiple award IDIQ vehicle with 7 pools spanning across 28 NAICS codes and 6 NACIS code exceptions for providing professional, scientific, and technical services.

One Acquisition Solution For Integrated Services (Oasis) Pool 3

GSA One Acquisition Solution for Integrated Services (OASIS) Small Business is a government-wide multiple award IDIQ vehicle with 7 pools spanning across 28 NAICS codes and 6 NACIS code exceptions for providing professional, scientific, and technical services.

Seaport Next Generation

As a prime Indefinite Delivery Indefinite Quantity (IDIQ) multiple award contract holder, The Lockwood Group competes for professional support services for SeaPort customers.

Navair Sustainment Group (NSG) Product Support Integration Management (PSMI) Department And Program Support Multiple Award Contract (MAC)

Contractor Support Services in support of the 12 Integrated Product Support elements, program management, and logistics support services for the acquisition and life cycle sustainment of specified weapons systems, system of systems, sub-systems, and support equipment for multiple program offices at NAS Patuxent River, MD.

Joint Enterprise Contracted Logistics And Services Support (JE-CLASS) II Domain 1 And Domain 2

Provides worldwide contractor logistics support services for Chemical, Biological, Radiological and Nuclear (CBRN) defense equipment and systems in support of the Joint Program Executive Office for CBRN Defense (JPEO-CBRND). The IDIQ consists of two (2) Domains, each with a distinct scope of work. Domain 1 provides the full spectrum of Contractor Logistics Support (CLS), training, and sustainment execution. Domain 2 provides acquisition logistics services, planning, development, analysis, and documentation related to logistics and sustainment needs.

Services Disabled Veteran Owned Small Business

The Lockwood Group is a proud Services Disabled Veteran Owned Small Business (SDVOSB) receiving privileged contracting opportunities based on this SDVOSB status. Doing business with The Lockwood Group as a SDVOSB can greatly benefit your agency.
